

ROOSEVELT IS EXCUSED FROM WITNESS STAND

TELLS OWN STORY OF HOW HE
ENDED THE PANIC OF 1907

Colonel States There Was "Not the Slightest Part of" of "Invisible Government" While He Was Governor or President—William Loeb Jr. Testifies.

Syracuse, N. Y., April 29.—Theodore Roosevelt was excused from the witness stand today in the Barnes libel suit, after he had told his own story of how he ended the panic of 1907 and had identified a letter upon corrupt conditions in New York state which it was represented, was signed by Governor Charles S. Whitman, when he was district attorney of New York. In this letter it was said that "the time was ripe to rid the state of the kind of party control" which was mainly responsible for corruption. The allegation was also made that the men and policies responsible for such conditions were not confined to any one party. The name of William Barnes did not appear in the libel suit but Colonel Roosevelt testified he believed the reference was to him.

William Loeb, Jr., a witness.

William Loeb, Jr., once the colonel's private secretary in the white house and later collector of the port of New York, also was a witness.

He swore that William Barnes had told him that he had an agreement with Charles F. Murphy of Tammany Hall not to interfere in the selection of a United States senator. That was in 1911 prior to the time James A. O'Gorman was chosen. It was while Mr. Loeb was on the stand that counsel for the former president made a futile attempt to get before the jury testimony regarding vice and gambling in Albany.

Tells of Stopping Panic.

Of the panic in 1907 the colonel told how Henry C. Frick and Judge E. H. Gary, representing the United States steel corporation, had come to him in the white house and told him that if the J. P. Morgan interests could take over the Tennessee Coal & Iron company before the exchange opened that morning, the stock, much of which was held as collateral, would immediately become enhanced in value and the business of the country which was "trembling on a hair" would not be suspended. The colonel told how he took action in the matter and then notified the newspapers of what had been done.

"And," he said, with some display of pride, "the panic was stopped."

No "Invisible Government."

During the day Colonel Roosevelt swore that he had not heard the names of many of the men who were said to have contributed large sums to his campaign fund in 1904 until they were read in court during cross-examination by William M. Ivis. The colonel also made explanatory statements about his appointment of judges and his relations with former United States Senator Platt and about speeches he made in which the name of Mr. Barnes was mentioned. Asked whether there was an "invisible government" while he was governor or president the colonel answered: "Not the slightest particle."

The counsel for the plaintiff and defendant fought over virtually every piece of important evidence presented today. Mr. Barnes spent the greater part of the day in taking notes upon a pad of paper. After the colonel was excused from the stand he read a magazine for a while, but when Mr. Loeb and George B. Agnew, former state senator, were on the stand the defendant paid close attention to everything they said. Mr. Agnew gave testimony concerning voting in the senate upon race track legislation and the manner in which he said Senator Gratten defeated the bill after he had been advised by Mr. Barnes how to cast his deciding vote.

Justice Makes Statement.

Justice Andrews in a statement made to counsel during arguments and while the jury was out of the room, asserted that no evidence had been produced connecting Mr. Barnes with any "corrupt connivance" in so far as the municipal government of Albany was concerned. Then he added: "Where the libel charges a man with being a thief, it is not enough to say simply that the charge is true, but one must set up in the answer the facts from which the inference is made."

Must Set Forth Facts.

"Here the charge is that Mr. Barnes was corrupt in one way or another. You are bound not simply to say that the 'charges are true'. You are bound to set forth the facts, which, if true, would constitute justification; they have got to be set forth so that if the facts are true they would show corruption. That you have failed utterly to do with respect to the Albany Lincoln League and gambling conditions but I am inclined to think that you have done it with respect to the plating charges."

Asks Whitman to Appear.

William M. Ivis, chief counsel for William Barnes said late tonight he had telegraphed to Governor Whitman asking him to appear as a witness in rebuttal and testify regarding the authenticity of the letter read

SUBMIT PROPOSALS LOOKING TO A SETTLEMENT OF STRIKE

Contractors Reject Proposals and Place Strike Back on the Basis It Rested When the Arbitration Committee First Met.

Chicago, April 29.—Proposals looking to a settlement of differences existing between 16,000 striking union carpenters and 700 contractor employers were submitted to both sides today by the joint arbitration committee. An hour later the contractors replied to the committee, rejecting the proposals and placing the strike back on the basis it rested when the arbitration committee first met. In their reply the carpenters said the building construction employers' association had instructed them not to entertain any proposition eliminating that portion of the joint agreement between the contractors and the contractors which provided that neither side was to discriminate against building material.

"In view of recent developments by the federal grand jury we believe this view is entirely justifiable," the contractors added to their reply.

The action of the federal grand jury referred to was the indictment of labor leaders and contractors who signed agreements to boycott goods not made in Chicago.

SELECT ROCKFORD FOR MEETING.

Danville, Ill., April 29.—Rockford was selected as next meeting place at today's session of the Royal Arcanum of Illinois convention, despite strong campaigns made by Peoria and Springfield. The convention adjourned this afternoon.

today and other matters. Counsel for Colonel Roosevelt said they had submitted the letter to persons who were familiar with the governor's signature and that they said it was his.

A letter similar to the one introduced as being Governor Whitman's was in controversy in New York prior to the last election. There was some doubt at that time whether the letter had actually been written by the then district attorney and he never admitted it. The letter produced today, however, was actually signed, the attorneys said, by Mr. Whitman. They added that they had no reason to doubt that the signature was genuine and, in fact, they said the signature had never been questioned. It was not questioned today by counsel for Mr. Barnes or the court. The letter was quite long. Only that part quoted, however, was read to the jury.

In reply to a series of questions by counsel for Colonel Roosevelt, Mr. Loeb said: "In 1911, I had a conversation with Mr. Barnes in an office in New York. I was in the office and was asked to remain for lunch. Soon after Mr. Barnes' card was brought in and he followed it. He, too, was asked to stay to lunch."

Confereed Regarding Candidate.

"Did you have a conversation in reference to the selection of a candidate for United States senator?"

"I did. On the way out of the office I spoke to Mr. Barnes about a conversation he had with William L. Ward, who went to him to ask that he support an independent Democrat for the senate. I told Mr. Barnes I was sorry he could not see his way clear to do what I had asked him to do through Mr. Ward. Mr. Barnes said he had considered the request but that he could not agree to it. He told Mr. Barnes that Franklin Roosevelt and Democrats in the legislature had requested me to secure his support for an independent. Mr. Barnes replied that he could not agree to it because of an agreement with Charles F. Murphy (of Tammany Hall) that he would not interfere with the latter's plans for selecting the senator."

Judge James A. O'Gorman was selected for the United States senate not long after the alleged conversation between Mr. Barnes and Mr. Loeb took place.

"You were Colonel Roosevelt's private secretary when he was governor, were you not?"

"I was. I saw Mr. Barnes in the executive chamber at Albany several times," answered Mr. Loeb.

"Did you ever see them alone?"

"How could he see them alone," asked Mr. Ivis, interrupting.

"Well did you see them conversing when there was no one else present?"

"I did."

"How many times?"

"At least once. I saw him go in to the governor's private office once."

Employed by "Several Corporations."

Colonel Roosevelt's counsel then made another futile attempt to get into the record testimony concerning municipal affairs in Albany. That ended Mr. Loeb's direct examination. On cross-examination he was asked by whom he was now employed. He replied: "several corporations" and then named among others the American Smelting & Refining company, the Yukon Gold company and the New Rivers Collieries company.

"And in the majority of those companies the Messrs. Guggenheim have control have they not?" asked Mr. Ivis.

The witness replied that the Messrs. Guggenheim were interested and then Mr. Ivis asked this question:

"And one of those Guggenheims is the same one whose name was coupled with Mr. Barnes in Colonel Roosevelt's denunciations is he not?"

An objection was sustained.

TWO SETBACKS GIVEN "DRYS" IN LEGISLATURE

SHANAHAN SETS MAY 5 FOR CONSIDERATION OF PENDING MEASURES

Senate Refuses to Allow Resolution to Bring Bill From Committee and Place it on Senate Calendar—House Debates Bar Association's Bill.

Springfield, April 29.—The "drys" today received two setbacks in the legislature. One was when Speaker Shanahan of the house set next Wednesday, May 6th, as the date for consideration by the house of all pending wet and dry measures, after having been requested by the drys to postpone such action until after the measures had been acted on by the senate. The second setback came when the senate refused to permit Senator Michael Cleary of Jo Daviess county to offer a resolution to take his residence district anti-saloon bill from the license committee and place it on the senate calendar. Had Senator Cleary succeeded in offering his resolution several other resolutions would have been offered taking other dry measures from committee and getting them before the senate. Declaring that the "drys" are in the majority in the senate, temperance leaders have been making an effort to have their bills acted upon by that body before they are considered by the house, which is considered wet.

Debate Bar Association's Bill.

The house spent the entire day in debating the Illinois bar association's bill providing for a radical change in the court practice act. At the conclusion of the debate, the measure was re-committed to the judicial practice committee for amendment. Representative Lee O'Neill Browne led the opposition to the bill, which was drafted by former Judge Hiram T. Gilbert of Chicago. Browne declared the measure was a corporation product, and that if it were passed it would throw the people of the state at the mercy of the corporations. He insisted that the bill prohibited jury trials in all except criminal cases, unless a jury trial be demanded when the case is filed. This he charged is a violation of the spirit of the bill of rights of the constitution.

The bill making it possible for cities to re-enact in corrected form the wheel tax ordinances were invalidated recently by a decision of the supreme court today was reported out and recommended for passage by the house revenue committee. Mayor Thompson of Chicago urged the passage of such a bill when here this week.

Opposes Potts Bill.

Contending that the present fire insurance rates in Illinois are equitable and just and that state regulation would place the fire insurance companies at the mercy of unreasonable commission, P. D. McGrover, general manager of the Queen Insurance company of New York, today appeared before the house insurance committee in opposition to the Potts bill.

Women voters will not have to tell their ages when they register if a bill today recommended for passage by the senate elections committee is passed. The measure also applies to men. The same committee recommended the passage of the Smith bill, extending women's suffrage to elections of park trustees, all municipal and quasi-municipal officials, assistant supervisors and for the establishment of high school districts.

Consideration Is Postponed.

Former State Senator Frank Funk, a Progressive appointed as a member of the State Public Utilities Commission by Governor Dunne, was on the grill today before the Republican Senate caucus and as a result none of Governor Dunne's eighteen recess appointments which remain unconfirmed, were acted upon. Further consideration of the appointments went over until next Tuesday.

CLEAR UP CHARGES OF BRIBERY AND MATTER IS DISMISSED

SPRINGFIELD, Ill., April 29.—Charges of bribery which yesterday stirred the legislature and caused the house to cite F. E. Davidson, a Chicago attorney, to appear before it, were cleared up and the matter dismissed today when counsel for Davidson appeared before the house and quoted Mr. Davidson as saying he had not made the charges credited to him.

A letter written to members of the legislature yesterday charged Mr. Davidson with having stated that two members of the house license committee had told him they had been offered \$2,500 each to vote for the Curran bill, providing for the licensing of structural engineers. The letter was sent to members of the license committee by Ernest McCullough, vice-president of the Western Society of Engineers and said that Mr. Davidson's remarks had been made at a meeting of that body.

PEORIA GETS DANGER.

St. Louis, April 29.—Announcement of the transfer of Rolla Daringer, shortstop of the St. Louis Nationals to the Peoria, Ill., team of the Three Eye League was made by officials of the local club tonight.

War News Summarized

Sporadic attacks characterize the campaign in Belgium and France on the whole the troops have remained comparatively quiet for the past 24 hours. The Germans have been repulsed at two points—by the Belgians north of Ypres and by the French at LesEperges.

The British and French continue their efforts in the Ypres sector but the Germans claim to have repulsed these assaults and brought the number of guns captured up to 63.

Nor do the reports of the operations in Poland and the Carpathians record any movements having any decisive effect on the campaign in the east.

The heavy guns of the opposing forces continue to shell the positions but so far as the public is informed there has been no infantry fighting to compare with that of a few weeks ago.

The Dardanelles is the central point of interest. The British and the French landing forces, according to the brief reports from the British war office, have succeeded in securing a firm foothold on the Gallipoli peninsula and on the Asiatic side of the strait. These expeditionary forces are said in some quarters to number eighty thousand men but it is hardly considered likely that this number has yet been put ashore.

CHURCHMEN CHEER MAYOR THOMPSON AT BANQUET

Unusual Scene Comes About When Chicago's New Executive States He is on the "Water Wagon."

Chicago, April 29.—Chicago's new mayor, William Hale Thompson, was the center of a scene unusual in meetings of churchmen when he visited the banquet of the Conference of Church Claimants here tonight. It came about when he picked up a glass of water.

"Do we understand that the new mayor is on the water wagon?" shouted Dr. W. W. VanOrsdel of the North Montana conference.

"You bet," replied the mayor, whereat the guests gathered from all over the country in the interests of the campaign of the Methodist church to raise a pension fund of \$10,000,000, arose and gave the chautauqua salute, cheering and waving their napkins.

The scene interrupted an address being made by Dr. Matt S. Hughes of Pasadena, Calif. who remarked: "I am glad to be interrupted at any time for a fine looking citizen who promises to take Chicago into the leadership of civic progress."

TWO INTERURBAN CARS COLLIDE; BETWEEN 30 AND 40 ARE INJURED

Fire Breaks Out in the Wreckage Immediately After the Crash and Both Cars are Burned.

Fremont, O., April 29.—Between 30 and 40 persons were injured, one probably fatally, when two interurban cars on the Lake Shore Electric railroad collided near here late today. Fire broke out in the wreckage immediately after the crash and both cars were burned. Miss Flora Bonner of Fremont is expected to die from her injuries.

Those seriously hurt are: Jesse Vlekery of Clyde, O., an attorney; F. J. Baldwin, of Toledo, O.; and Mrs. O. E. Johnson, her son George and Irving Faggoner of Fremont.

According to Lake Shore officials the car bound for Fremont was to have gone into a siding near the scene of the wreck but for some reason which has not been ascertained failed to do so. Many of the injured were brought here in automobiles while others were taken to Clyde.

"ALL IS DRY ALONG THE POTOMAC."

Washington, April 29.—Fifty six sailors in Charles County, Maryland will close their doors tomorrow, and Washington automobilists and fishermen must henceforth carry their supplies on the jolly outings along the Potomac. Marshall Hall, on the Potomac, a famous resort at the terminal of an excursion line, will go dry tomorrow night. The Maryland reformers are already in the field working for prohibition in St. Mary's County.

ARRESTED UNDER MANN ACT.

The St. Louis Globe Democrat prints the following:

"Charles H. Eveland, who was arrested Tuesday at 311 South Broadway with Miss Mae Haymaker of Chapin, Ill., under the Mann act, was held in \$500 bail yesterday at his preliminary hearing before United States Commissioner Mitchell.

The girl said they first went to Springfield, Ill., and came to St. Louis on February 4. She was released on \$500 bail, to appear as a witness against Eveland."

CHINA AND BRYAN CONFERENCE.

Washington, April 29.—Viscount China, the Japanese ambassador, called at the state department today and conferred for nearly an hour with Secretary Bryan. It was his first visit since the submission of Japan's new demands upon China, 24 in number and including and amplifying the original 21. Neither the Ambassador nor Secretary Bryan would discuss the conference.

ZEPPELIN DROPS BOMBS ON ENGLISH TOWNS

IPSWICH, WHITTON AND BURY SAINT EDMUNDS ARE RAIDED

Incendiary Bombs Cause Damage to Three Houses in Ipswich—So Far as Known Nobody Was Injured—Raid Takes Place Early this Morning.

Ipswich, Eng., April 29.—(3:22 a. m.)—An hostile aircraft—whether a Zeppelin or an aeroplane is not known—raided Ipswich early this morning. Several bombs were dropped. An incendiary bomb struck a house, pierced the roof and fell into the bedroom of a little girl. The child was rescued by her father, Harry Goultwin. The flames spread to two adjoining houses which were almost destroyed. The aircraft then passed on to Whitton, where it also dropped explosives. So far as known nobody was injured.

Ipswich is a small county and is a town of considerable commercial importance. It has a population of some 75,000.

Two Houses Set on Fire.

Bury Saint Edmunds, Eng., April 29.—(4:24 a. m.)—A Zeppelin flew over here early this morning and dropped several bombs. So far as known no one was injured but two houses were set on fire, one in the butter market and the other in St. Andrews street.

Interest Turns to Dardanelles.

London, April 29.—(11:30 p. m.)—With the battle in Flanders seemingly at an end, except for the attacks which the allies are making to recover the rest of the ground which they lost last week, the interest of the public has turned to the Dardanelles where French and British forces have been landed and, with the co-operation of the fleet, are making attempts to force the straits and open the way to Constantinople.

Land at Three Points.

How far these operations have progressed only those on the spot and the highest authorities at home know. The British have landed at three points on the Gallipoli peninsula and have thrown a line across the outer point of the peninsula. Other British troops are threatening the Bulair line of forts and the French are looking after the Turks on the Asiatic side of straits.

Turks report that the landing parties have been repulsed, but the British reports, which are very brief, content themselves with the statement that progress is being made and differ entirely from the Turkish reports.

Along the western front in France there is much activity but no big battle is in progress, although there are reports that the British have begun an offensive in the neighborhood of Arras.

The Germans apparently do not contemplate a move in force on the western end of the line, as they re-opened today the Belgian-Dutch frontier, which is always closed when the Germans are on the move.

Heavy Fighting Continues.

Heavy fighting continues in the Carpathians for Uzok Pass and in the direction of Stry, where the Austrians are threatening the Russian communications. The report comes from Berlin that the Austrians have again invaded Bessarabia, but there is no confirmation of this in the Austrian official statement received tonight.

The Russians on their part, have again taken the offensive against the Turkish invaders of Persia and have driven them from the border town of Kotor.

Despatches from neutral countries report that a great concentration of Austrian troops is taking place on the Italian frontier as a measure against the possibility of Italy joining the allies and that troops are being conveyed by sea to every coast town in Dalmatia and Istria.

MERKLE DISLOCATES ARM.

New York, April 29.—Fred Merkle, first baseman of the New York National League club, fell in trying to field a wild throw by Marquard in the sixth inning of today's game and dislocated his left arm. It was at first thought the arm was broken. The injury, however, is likely to keep him out of the game for several weeks.

James Thorpe, the Olympic champion, was released by the Giants today to the Jersey City International League club under an optional agreement. He has been with the Giants the last two seasons.

DEMAND DEMOCRATIC FORM OF GOVERNMENT FOR EVERY NATION

International Congress of Women Spends Entire Day in Discussing and Adopting Two Resolutions.

The Hague, Netherlands, April 29.—via London, (6:15 p. m.)—The entire session today of the International Congress of women was devoted to the discussion and adoption of two resolutions. The first provided for democratic control in framing the foreign policies of nations. As amended and adopted, this resolution recommended the nullification of all secret treaties and the participation in the adoption of future treaties of the people at least through the legislative branches of governments.

The second resolution presented by Miss Emily Balch of Wellesley College, opposed the transfer of territory of one nation to another without the consent of the inhabitants. As amended and adopted this resolution recommended recognition of the right of peoples to self government and demanded a Democratic form of government for every nation. Large quantities of pamphlets dealing with conditions in Poland were distributed among the delegates. This aroused some feeling on the part of the women who characterized it as anti-Russian propaganda emanating from German sources. Dr. Sofia Golinska of Munich and Emily Napieralski of Chicago made speeches in support of the idea for the freedom of the Poles.

References also were made to the political position of Jews and Finns in Russia.

FIND LIFE BUOY MARKED "KOLBERG", BELIEVE CRUISER WAS SUNK

LEWICK, Scotland, April 29.—(8:45 p. m.)—The finding today near the south end of this island of a life buoy marked "Kolberg" is believed here to confirm the report made at the time that the German Cruiser Kolberg was sunk in the battle in the North Sea, January 24th.

In his report on the battle in the North Sea last January the British Admiral Beatty after mentioning the destruction of the armored cruiser Bluecher, said the German light cruiser Kolberg also was sunk. The German government, however, later declared Admiral Beatty's report concerning the Kolberg was false.

GOETHALS TO LEAVE CANAL ZONE SATURDAY FOR WASHINGTON

PANAMA, April 29.—Major General Goethals, governor of the canal zone will leave Colon aboard the Steamer Advance next Saturday with Washington as his destination. He will report to Secretary Garrison regarding matters connected with the altered conditions of the Panama Canal and other subjects, among the latter, the charging of rent for the housing of employees against which the labor unions have protested. It is also probable that General Goethals will confer with Mr. Garrison on the subject of the policing of Panama and Colon. General Goethals, recently expressed the conviction that the United States should police the terminal cities.

ADVANCE INTO RUSS TERRITORY

Budapest, via London, April 29.—(10:35 p. m.)—A special despatch received here reports that the Austrians yesterday occupied Novoselitsv, on the border of Bessarabia, and are now advancing victoriously into Russian territory. The Pester Lloyd prints a Dardanelles despatch which says that the Turkish batteries at Kaba-tepeh sank twelve sloops in which the allies were landing corps which were retreating.

RECOGNITION IN MEXICO IS NOT CONTEMPLATED

BRYAN SAYS GOVERNMENT HAS NOT BEEN ASKED TO TAKE MATTER UP

General Belief in Washington is That Recognition Will be Withheld Until There is an Agreement Between the Principal Mexican Leaders.

Washington, April 29.—Recognition of any factions in Mexico during the present uncertain state of affairs is not contemplated by the United States government according to expressions today by high officials. Secretary Bryan told enquirers that the subject of recognition had not reached the point of formal consideration. Persons close to the white house said President Wilson intended to study the question very carefully before committing the American government to a recognition of any of the elements in the field and that he did not propose to take any action until the military situation in Mexico City clarified itself.

Were Presented Unofficially.

Published reports that a statement to be issued by General Carranza covering his intentions and program had been drafted on suggestion from the Washington administration and was now before Secretary Bryan and President Wilson, were met with the explanation that what purported to be the views of the first chief, had been presented unofficially to the state department but "had not been submitted for an expression of opinion with any view toward recognition."

"We haven't been asked," said Mr. Bryan, "to take the matter up and we have nothing before us that we would regard as sufficient to raise the subject of recognition."

Richard R. Cole, of Los Angeles, Cal., a personal friend of General Carranza, who recently has been active in his behalf in Washington called on Secretary Bryan late today but declined to disclose the object of his visit.

Has Been Assisting Agency.

It is known however, that he has been assisting the Carranza agency here in its efforts to pave the way for the opening of diplomatic relations with the Washington government. The principles under which the United States would be guided in dealing with the recognition have been impressed from time to time on General Villa, General Carranza, General Gutierrez and others who have been at the head of important elements in the Mexican situation.

Until there is an agreement between the principal leaders the general belief in Washington is that recognition will be withheld.

Many people look with favor upon the amendment to the commission form law making the city manager plan possible, since Lee O'Neil Browne succeeded in killing it. Too much concentration of authority was Mr. Brown's argument.

The day of the young man has arrived in the U. S. diplomatic service. President Wilson has just signed the bill which makes only men 35 years old or under, eligible in the "civil service" portion of the corps. Heretofore the age limit has been fifty.

Members of the executive committee of the American Bankers association are in conference this week at Old Point Comfort. Probably the suit brought by the Riggs bank against Secretary McAdoo and Comptroller Williams will be the principal theme discussed—but the discussion will be behind closed doors.

The coming week will be one of the most interesting of the present session of the Illinois general assembly. "All wet" and "dry" measures which have been passed to third reading will be up for discussion. The argument is expected to occupy practically all of the week. The county and residence district option bills are among the most important measures to be considered.

The newly elected mayor and commissioners of Joliet have just completed a tour which took them to Springfield, Decatur and several other cities where the commission form of government is in effect. The Joliet men are seeking some pointers from actual observation as they realize that their constituents are expecting that the new plan will revolutionize things. That depends on the men and not the law.

Over in Decatur the merchants have raised a fund whereby free ball games will be possible at intervals this season. The purpose is to provide entertainment for Decatur residents and incidentally to attract visitors from the country. The time was when "home talent" ball games were played on the South Main street grounds before 2,000 spectators who attended without money or price. That was in the days of the Jacksonville "Alerts."

Mr. Roosevelt, as a witness proves the same strong virile man for whom while president, a horseback ride of twenty miles or so was just good morning exercise. After 49 hours of grilling the ex-president showed no signs of fatigue. Thus far the Barnes-Roosevelt trial has failed to produce much that is startling for certainly, neither friends or foes of the colonel are surprised by the evidence of his past knowledge of the ways of practical politics.

It seems incredible but it is true that while a vast war is raging between the principal powers of Europe that in some matters action is being taken just as if conditions were normal. For example, France has erected a magnificent pavilion on the grounds of the Panama-Pacific International Exposition, and Charles Aveline, president of the Percheron Society of France, Nogent Le Rotrou, has cabled that this society has just voted six superlative prizes for the Percherons which will be exhibited at the exposition.

Several bills now before the legislature propose the appointment of a board of motion picture censors.

Salaries of \$2,000 a year or more are provided for board members and these and other expenses would be provided for by the fees charged picture companies for inspection of films. If one of the measures becomes a law all pictures shown in Illinois must have the official approval of the board. Although there is a growing tendency toward too many boards and commissions in this state it is certainly true that motion pictures now exert a vast influence and it is highly important that the standard of pictures be maintained and nothing offensive to morals or tending toward crimes shall be shown upon the screens. A number of other states have such boards.

When Illinois' first woman mayor takes office at Warren today the first thing she is going to do is to start trouble. Although she is 75 years old, Mayor Canfield knows some tricks of politics and police methods. She was with the Pinkertons in the Molly Maguire troubles in Pennsylvania. Her first fight will be waged against grafters and crooks, pool rooms and other people and places that she has in mind. "Officers who don't earn their money are just as wicked as any other kind of grafter," she declares, "and I am going after them good and plenty. I am going to appoint a chief of police who will make things hum."

The first woman mayor of Illinois has lived at Warren for thirty-four years. She conducts a millinery store, and is active in church and social affairs and is a leader in the suffrage cause. Her new job pays only one dollar a month, but she will tackle it with vigor, stopping now and then to trim a hat to keep the wolf from the door.

American interests as affected by the big war in Europe is the theme of a big convention of leading thinkers of the country, which is to open in Philadelphia today under the auspices of the American Academy of Political and Social Science. The effect of the present war upon industry, commerce, labor, neutral rights and obligations, financial situation and future course of the United States will be discussed by prominent men. President Samuel Gompers will represent labor, Miss Frances Kellor, vice-chairman of the Committee for Immigration in America, will discuss immigration, Elbert H. Gary of the steel corporation will talk of business effects, John H. Fahoy, president of the Chambers of Commerce of the United States, will discuss the general industrial effects throughout the country, Secretary of Commerce Redfield, John Hays Hammond, Governor Chas. S. Hamlin of the Federal Reserve Board, and many other able speakers will be heard. The meeting is of a neutral character, and there is no discussion of the causes or responsibility of the war.

REV. STEPHEN CATT

The following account of Rev. Stephen Catt's death is taken from the Jerseyville Republican:

"Rev. Stephen Catt answered the last roll call Tuesday morning at 1 o'clock at an age of 71 years and 17 days, after being a victim of stomach trouble the last few weeks. He was a native of England and born to James and Harriet Catt at Rotherfield April 19, 1844. As a young man he came to America in 1861 and Nov. 24, 1863, he enlisted in the Union Army, serving until Aug. 29, 1865, when he received an honorable discharge. Jan. 30, 1876, the Jerseyville Baptist church licensed him to preach the gospel and in June, 1879, he was ordained, doing considerable missionary work from 1880 to 1899 and soliciting funds towards the erection of churches at Greenfield, Palmyra and Roodhouse. Mr. Catt had endeared himself to our population, being friendly and kind to everybody and in particular a friend of the poor, sick and dying. His services were always in demand until sickness overcame him. Rev. Simeon Hussey of Upper Aiton conducted the funeral services at the Baptist church Thursday afternoon.

EPISCOPALIANS SEEK ADDED FUND FOR MISSIONS

War Conditions Have Made Increase in Resources—Members of This Diocese Asked to Give One's Days Income to Fund.

Four hundred thousand dollars extra for missions at home and abroad before the first of June is the aim of the Episcopal Church. This campaign, so recently launched, has already resulted in over \$90,000 in gifts and pledges. These range in amounts from two cents up to \$5,000, and come from nearly every section of America.

This fund is known as the "\$400,000 Emergency Fund;" the Episcopal Board of Missions is calling the members of that church to prayer, and asking that each one give at least one day's income, or some equivalent self-denial offering. Through the agency of the Mission Board, the various provinces, dioceses and parishes of the church, an attempt is being made to bring this appeal to every member, asking for this offering in addition to their usual gifts for missions. Every organization of the church—vestries, men's clubs, guilds, Woman's Auxiliary, Bible classes and Sunday schools—is working to make each one feel the personal responsibility of this appeal.

The Right Rev. Edward W. Osborne, bishop of the diocese of Springfield, is asking that his diocese raise at least \$1,000 of the needed amount. To this end he has had the clergy under him to distribute special offering envelopes to every Episcopalian. The people are asked to put their wage or income for Saturday, May first, in these envelopes, and present them the next Sunday at church. The clergy are then to bring these together at the opening service of the Diocesan Synod, which meets the middle of May. The bishop writes as follows:

"We are all asked to give one day's income. We can all do this. From the bishop to the youngest communicant. Some can do it quite easily, and add something besides. Others can do it with some effort. To others it will be hard and will need a sacrifice and self-denial. Still though hard let all do it—give what you earn or receive on one day."

The need for this fund arises partly from the stringency due to the European war, and partly from the success of the church's mission work—especially in China and Japan. Opportunities in those lands have first been created and then seized by the missionaries, and the Board of Missions has had to steadily increase its appropriations for the work; the same is true in great degree in the home land. As a result, the board has, in the past seven years, accumulated a deficit of \$254,000. The other \$150,000 is what the board thinks will be necessary to finish the fiscal year without a further deficit.

The "Emergency Committee" which has the direction of this campaign is composed of men prominent in church, business and professional life. The board is bold enough to try the faith of the church, by launching this appeal in these unsettled times, because it believes that the European situation creates one of the decisive hours in Christian missions. It is the call to advance. And the boldness seems justified by the response which the church is making. Laymen throughout the country are attracted by the definiteness of the call for one day's income, and are rising loyally to the emergency. Further stimulus comes from the Church of England which, in spite of the exactions of war, is giving greater sums for missions than ever before.

MISS HELEN MILLER CROWNED DANDELION QUEEN IN DECATUR

Former Jacksonville Young Woman Declared Most Popular in Big Class at Millikin University.

Miss Helen Miller, a daughter of Mr. and Mrs. J. W. Miller, formerly of Jacksonville and now of Decatur, has just been declared the most popular young woman in the freshman class in Millikin university. Miss Miller was a graduate of the Jacksonville high school in 1914, and was a great many Jacksonville friends who will be interested in the "popularity honors" which have just come to her.

The affair at which Miss Miller was crowned as "dandelion queen" was quite novel and enjoyable. It was planned not only as a social event but also for the added purpose of helping along in the campaign against the dandelions, which have all but taken possession of the broad campus at Millikin university. The contest was confined to the freshman class. The young men held a caucus and nominated the ten most popular girls in the class, then on the day chosen ten empty suit boxes were provided with the young ladies' names on cards in front of each. At a given signal the young men emerged ready for the onslaught on the dandelions, and each root dug up was cast into the box of one of the popular co-eds. The contest lasted for half an hour in the presence of 250 students and members of the faculty.

Miss Miller was easily the winner, and supported by two maids of honor, those having the next highest votes, was crowned with dandelions with considerable ceremony. The affair proved so pleasant and unique that it is to be made an annual contest. Possibly something of the same kind in Jacksonville might help along in destroying the dandelions which now seem to be taking possession everywhere on Jacksonville lawns.

The Decatur Herald in writing of the contest had the following: "Miss Helen Miller was duly proclaimed as the most popular young woman in the Millikin university

LEO FRANK TWO YEARS

IN GEORGIA JAIL.
Atlanta, Ga., April 29.—It was just two years ago today that Leo M. Frank, charged with the murder of Mary Phagan, was arrested and locked up. During those two years his case has attracted attention far and wide, and has been taken to the highest court in the country. The young man has gained many friends who are working for a new trial under more favorable circumstances than that in which he was found guilty. The decision of the United States Supreme Court that Frank had had a fair trial, and that all of his constitutional rights had been protected, puts the unusual case up to the governor of the state. Governor Slaton will probably postpone final action on the pardon appeal until his successor comes into office next June.

It's the World's Wonder; Never Fails.

You'll make 200-300 eyes at your feet, after you use "GETS-IT," and you'll find the places where those blunkety corns used to be, just as smooth as your cheek.

"How Wide is a 'GETS-IT' Smile? Well, a Good Deal Over 2 Feet!"

There's no corn or callus among the millions of feet in the world that "GETS-IT" will not remove—there's no escape. "GETS-IT" is the new way, the simple, common-sense, sure way. It does away with greasy ointments, salves, pads, cotton rings, harnesses, knives, scissors, razors, files, and the limping and the painful pigeon-toe walk of so many corn-plagued people. All you do is put 2 drops of "GETS-IT" on—the corn shrivels up—and good bye. Nothing else in the world like "GETS-IT." Millions are using it. There's no pain, no trouble, no changing shoes because of corns.

LITERATURE

I like a rattling story of whiskered buccaners, whose ships are black and gory, who cut off people's ears. A yarn of Henry Morgan warms up my jaded heart, and makes that ancient organ feel young and brave and smart. I like detective fiction, it always hits the spot, however poor in diction, however punk in plot; I like the sleuth who follows a clue o'er hill and vale, until the victim swallows his medicine in jail. I like all stories ripping, in which some folks are killed, in which the guns go zipping, and everyone is thrilled. But when I have some callers, I hide those books away, those good old soul enthrallers which make my evenings gay. I blush for them, by Jingo, and all their harmless games; I talk the Whorlow Hugo, and swear by Henry James. When sitting in my shanty, to "have my picture took", I hold a work by Dante, or other heavy book. But when the artist's vanished, I drop those dumpy pomes, old Dante's stuff is banished—I reach for Sherlock Holmes.

BRAVES DEFEAT GIANTS IN SEE-SAW CONTEST

GAME IS FEATURED BY LONG DRIVES.

Battle is Started After an Unusual Complication Had Arisen Over McGraw's Attempt to Play Benny Kauff Who Jumped From Brooklyn.

New York, April 29.—Boston defeated New York by the score of 13 to 8 here today in a game that was started after an unusual complication had arisen over New York's attempt to play Benny Kauff, who jumped to the Giants from the Brooklyn Federal League club just before play was called. Umpire Quigley at first declared the game forfeited to New York when Boston refused to play with Kauff in New York's line-up. Meanwhile Umpire Eason had been in communication with President Tener of the National League and according to a statement by Secretary John A. Heydler of the National League reported that he had received instructions to forfeit the game to Boston if Kauff, whom President Tener had declared ineligible, did not appear.

The clubs then took the field after McGraw of New York

had called attention to the fact that Umpire Quigley had previously declared the game forfeited to New York. Kauff was not in the New York line-up when actual play began. Under President Tener's ruling as reported by Secretary Heydler the game stands as played as a victory for Boston. The game was a see-saw affair featured by long hits.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over four years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradford Regulator Co., 309 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

Do not accept a substitute. What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

You—Or No One Else
cares to be bald. Yet that is what will happen if your hair does not stop falling out.

TO DEDICATE MEDICAL SCHOOL BUILDINGS.
Important Exercises Will Take Place at Washington University in St. Louis.

St. Louis, Mo., April 29.—An event of international importance in the educational and medical worlds was the dedication today of the new buildings of the Washington University Medical School. The exercises will extend over two days, and many leaders in education and medicine are here for the dedication.

The new medical school continues the work of the St. Louis Medical College and the Missouri Medical college, both of which are famous in the middle west and are the two oldest medical schools west of the Mississippi River. In connection with the dedication exercises will be a commemoration of Dr. William Beaumont, who was one of the leading surgeons of the country, who discovered the action of the gastric juices in the digestive organs. His grand-daughter will present manuscripts and letters and a portrait of Dr. Beaumont to the medical school. The exercises in connection with this presentation took place yesterday.

Among the eminent physicians and surgeons who are attending is Dr. Simon Flexner, whose discovery of anti-meningitis serum has reduced infant mortality by one half. Dr. William C. Gorgas, the sanitary expert of the Panama Canal, is expected to attend. Dr. William H. Wells, famous in connection with Johns Hopkins, and other famous experts will be in attendance. The exercises of dedication will be presided over by Dr. Eugene L. Opie, dean of the medical school and Robert S. Brookings, president of Washington University. President A. Lawrence Lowell of Harvard, Dr. Henry S. Pritchett of the Carnegie Foundation, and many other leaders in education will be guests of honor.

FIRST WARD ASSOCIATION.
The Parent-Teachers' association of the First Ward will gather tonight at 7:30 o'clock at Jefferson school for the last meeting of the year. An address will be given by the Rev. W. E. Spoons and officers for the coming year will be elected. All parents and friends are urged to be present.

WOMAN REFUSES OPERATION

Tells How She Was Saved
by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try your Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Apprized of His
Thirteenth Birthday.

Wilbur Rowland, son of Mr. and Mrs. Homer Rowland, 128 Richards street, was the recipient of a happy surprise Wednesday evening when a company of friends and neighbors came unannounced to apprise the young man of his thirteenth birthday. Games and music were enjoyed and the presents received as birthday tokens were many and handsome.

good mother's consent I enlisted in the 11th with John W. Resley in Bat. F, 1st Ill. Light Art., and shortly went into camp at fair grounds just west of Springfield, joining the battery at Memphis in the fall, Resley becoming lieutenant as he had been promoted. I was finally mustered out at Chicago, July 11th, 1865.

"I entered the mail service as you state in December, 1869, being transferred from the first line to the Washburn known as the Lafayette & Quincy R. P. O. April 20, 1889, I was injured in a wreck near Danville, Ill., being practically off duty to Dec. 20, when I was ordered to duty in the office of the Division Supt. at Chicago, where I have been ever since, filling various positions, a portion of it being designated as chief clerk, having several lines under my charge. While our offices are in the federal building, they are not under the post office. You will pardon me for inflicting so much on you, but you will appreciate the reason I am sure.

"Yours sincerely,

"Dear Sir:—
"I have read with great interest, your excellent sketch, under the title 'Old Jacksonville, Dr. Reed.'

"I am a little surprised though, that no mention is made of my graduation as a trained nurse.
"Please insert (if practicable) after 'Albert is still living with the daughter, Elizabeth.' Elizabeth W. Reed, in December 1901, (after four years of training, study and work) graduated from the Union Hospital Training School of Fall River, Mass., and for fourteen years has had much and very satisfactory employment in her chosen profession in Newton, Iowa. "Sincerely,

FAMOUS MUSICAL ORGANIZATION COMING.

Minneapolis Symphony Orchestra Booked for Grand, May 21st—Has Great Record.

Jacksonville is to have a rare musical treat Friday, May 21 when the Minneapolis Symphony orchestra comes to the Grand. Manager Johnson considers himself especially fortunate in securing this attraction and has no hesitation in giving it unqualified endorsement.

The Minneapolis Symphony Orchestra is unique in that it is the only one of the great American orchestras which has grown to artistic maturity under the conductor who formed it, and still continues under his baton. Emil Oberhoffer has been the conductor of the Orchestra from its inception twelve years ago, and the unprecedented development of this orchestra from its beginning to its present position as one of the greatest symphonic bodies in the world, is due largely to his genius, tact, and magnetic personality. Mr. Oberhoffer has been called the "Poet-conductor" and his interpretations are remarkable for their virility, unusual musical insight, and a temperamental warmth which lends a peculiar charm and reveals new and unsuspected beauties even in familiar works.

Visitors in the city Thursday from Alexander were Mrs. Elizabeth Ferguson, Mrs. J. W. Woods, Mrs. Lizzie Ritter and Martin Hohman, Sr.
